## Short Description

We have received hundreds of requests and we are excited to announce the newest planner to our line of academic planners! It contains so many great features students rely on for planning and task execution:

- Spaces to record activities and homework to help students achieve their academic and personal goals
- Plan materials
- Estimate time and prioritize assignments
- Reminders to pack, turn in, print or share assignments
- Monthly Calendar Pages
- Long term project planning pages

Research and anecdotal evidence shows that our planner:

• Reduces missing assignments

• Increases time awareness

• Teaches students to manage multi-step and long term projects

• Improves overall productivity

Our planner is undated and each planner contains 5 1/2 months of pages to plan academics for an entire school semester.
